**REMARKS.**—In pursuance of the orders contained in the Resolution of the Government of India in the Home Department, No. 3821-2842, dated the 18th December 1899, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity.

[illegible]

<sup>2</sup> Appeals for assistance by destitute Indians who desire regularity and by students who, owing to unhampered circumstances, are unable to complete their course of education, cannot be dealt with individually as the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men, of good family, as it may enable the Government of India to obtain for them social and other assistance.

There was no discussion, however, of travelling in countries where a passport will be necessary and a visa will be required. The speaker also mentioned India, in case of, or in addition to, a certificate of identity. It should be remembered that a passport is carried in a passport, or, in fact, on the ground that he is a British subject, and the procedure before warships outside India is a certificate of identity, which is supported by documentary evidence of responsibility and sufficient to ensure that a passport will be granted.

### Form of Coordinates of Identity

1. Name of applicant
2. Father's name and date of birth
3. Residence
4. Age of applicant
5. Nationality of applicant
6. Social or religious status of father (or guardian)
